libertades informativas en el ámbito internacional aborda la regulación de la libertad de expresión y del derecho a la información en las principales organizaciones internacionales se inicia esta obra con un recorrido por el proceso de afirmación de los derechos fundamentales en el contexto mundial para a continuación centrarse en el protagonismo como actor jurídico del individuo en el ordenamiento jurídico internacional reflejado en la creciente capacidad de reivindicación procesal de sus derechos ante instancias supranacionales los siguientes capítulos profundizan en el reconocimiento de las libertades informativas en las principales declaraciones internacionales de derechos se estudian detalladamente los artículos 19 de la declaración universal de derechos humanos y del pacto internacional de derechos civiles y políticos ambas declaraciones aprobadas en el marco de naciones unidas el artículo 10 del convenio europeo de derechos humanos y libertades fundamentales del consejo de europa y el artículo 11 de la carta de derechos fundamentales de la unión europea este análisis se completa con un exhaustivo análisis de las libertades comunicativas en la jurisprudencia del tedh y del tjue así como en las decisiones de la comisión de derechos humanos de la onu se trata en definitiva de un libro esencial para comprender la consolidación de las libertades informativas como derechos fundamentales en el contexto jurídico internacional

el texto docente aborda un elenco completo de las cuestiones que delimitan esa problemática desde su propio título pone de manifiesto una actitud inequívoca hacia la lengua materna considerándola objeto de atención científica desde la perspectiva de la lingüística aplicada significa ello renunciar al enfoque preceptivista acerca de cómo transmitir el propio idioma enfoque que ha sido el predominante durante siglos la lingüística aplicada por su parte opera desde cuatro grandes ejes de cuestiones en primer lugar ha de ocuparse del componente formal del que tiene que ver con el desarrollo de la capacitación lingüística queda descartada la vieja idea conforme a la que el alumnado disponía de su competencia lingüística materna en el momento de ingreso en el aparato escolar muy al contrario ese es un proceso que se coronará justo al final de su formación escolar obligatoria lo que implica forzosamente trabajar sobre la fonología la ortografía la gramática el vocabulario y el componente pragmático discursivo

en segundo lugar será preciso que esas capacidades lingüísticas desarrollen distintas funciones comunicativas completando el itinerario de formación en la competencia comunicativa en tercer lugar existen condicionamientos sociolingüísticos que influyen de manera determinante en todos esos procesos por último los docentes de lengua materna son referentes sociales con lo que el trabajo en las actitudes positivas hacia las lenguas y sus hablantes se convierte en otro objetivo educativo
